Band Instrument Evaluation

Student: _____

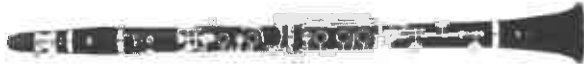

School: _____

Tapestry Music is here to help you, your teacher and your parents select the best instrument for you, giving you a greater chance of success in band this year!

Flute ___ 1st choice ___ 2nd choice

If you have ever made a sound by blowing across the top of a bottle, you know how to make a sound on the flute. Flutes are silver plated and do not require reeds. The flute is a member of the woodwind family even though it is made of metal!

Clarinet ___ 1st choice ___ 2nd choice

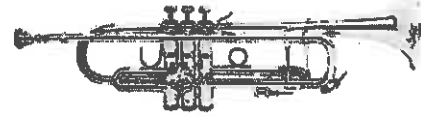

The clarinet is played using a reed (made from cane) that is held on the mouthpiece with a metal hoop called a ligature. The reed vibrates when air is blown into the mouthpiece and creates sound. Students who play the clarinet will find it easy to play the saxophone later.

Alto Saxophone ___ 1st choice ___ 2nd choice

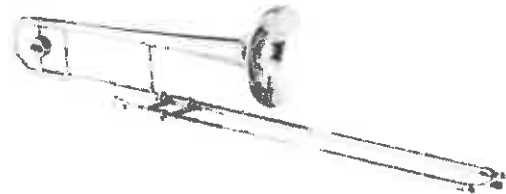

Saxophones come in different sizes: soprano, alto, tenor and baritone. The most common choice for beginning students is the alto saxophone, bigger students can handle the tenor saxophone. Like the clarinet, the saxophone uses a reed to create sound.

Other instruments available to rent from Tapestry Music:
Oboe, French Horn, Bass Clarinet, Baritone, Electric Bass, Piccolo, Violin, Cello, Bass, plus Drums, Guitar & Digital Pianos

Trumpet ___ 1st choice ___ 2nd choice

The trumpet is played by vibrating your lips together to create sound. Notes are changed by using a combination of valves and air speed. Students who start on trumpet can often switch to other brass instruments like trombone or French Horn with little difficulty.

Trombone ___ 1st choice ___ 2nd choice

The trombone is a fun instrument to play. Sound is created like the trumpet, but the mouthpiece is a bit larger. Notes are changed by using different slide positions and air speed.

Percussion ___ 1st choice ___ 2nd choice

Beginning percussion students will start band using either a snare drum kit or a bell kit. Each kit comes in a backpack with sticks or mallets.

2 ways to get your instrument....

1) Purchase with a Buy Back Guarantee

Our best price and risk free!

Our cash buy back program allows you to own your instrument now at our best price *and* have the option of returning it later if needed. If you need to return your instrument, just bring it back! We will refund your money less the monthly rental payments that would have applied for the time you had the instrument. You end up only paying what you would have paid in rent. You can save hundreds of dollars over renting!

or... 2) Choose our flexible Rental Program

With our rent to own program, 100% of your rental payments apply towards owning your instrument (rent to own price*). There is no obligation to own your instrument, however we feel it's better to invest in an instrument instead of just paying rent. You can buy out your instrument at any time and receive a 25% discount off your remaining balance. Choose from our monthly or discounted school year rates.

If you need to exchange your instrument your payments follow you! Your rental credit will transfer over and you just carry on. Teachers love this feature because it gives them the flexibility to work with students to find the best instrument or adjust the balance of the band without parents incurring any financial hardship. We want you to succeed in music so we've designed this program to be as simple and flexible as possible!
