Health and Safety Routines for Band Class

Maintaining physical distance and proper hand hygiene is important in band class. Students will be assigned a seat that they have to sit in all year to maintain physical distance and help with contact tracing.

When you entering the gym:

1. Enter through the north door.
2. When you enter the gym, use hand sanitizer provided at the door.
3. Pick up a chair and stand (if you do not have your own) and go directly to your assigned seat.

When you exit the gym:

1. After cleaning and packing up your instrument, exit through the south doors and follow arrows in the hallway.
2. The last row will exit first followed by the second and then first row – one at a time.
3. As you exit, use hand sanitizer again before you leave the gym.

Cleaning your instrument:

It is recommended that you clean your mouthpiece before and after every use with a cloth. Once a month clean your instrument fully.

****For your trumpet, baritones and trombones paper towel will be supplied so that you can empty the condensation into from your instrument****

You will be provided with a handout to teach you how to clean your instrument.

Chairs, Music and Music Stands:

1. You must always bring your own music. You cannot share music because you will be spaced out more than usual and we also want to limit sharing items.
2. Every person must have a stand to themselves. You can bring your own stand if you like.
3. Do not use or “try out” each other’s instrument or equipment.
